One Act Festival - Grade 12’s are directing, being held March 10

Evil Dead Musical - Starts after March Break

Do not be fooled or worried by the title. This is a spoof on Horror Films, it is very funny, Cappies gave it a good review

During the second week of May Cappie Awards will be held,

Nominations are given and the students vote as to who gets the award, held at the NAC, formal, CW is hoping for a nomination

### **Voices Report:** Cameron Stotts, Eamonn Stinson O’Gorman

Dance this evening (March 5th) estimated attendance is 170

There won’t be last minute ticket sales at the door, although tickets were sold till 3:15 p.m. today

Tickets were \$7.00 each

Money goes to Voices but usually don’t break even with DJ bill and so on

CW “Guinness World Record” Event is taking shape, encouraging students to leave a legacy statement of their time at CW

Trying to have it up and running by April

“Gotcha” game to be held as a mixer between grades and an ice breaker

Students from all grades will register their names; all those playing will wear a safety pin,

Names will be drawn and handed to other students (not necessarily in their grade), this is the target student you now have to find

If you find your target you get their pin Plus you get their target (and pin) as well

This game of school hide and seek keeps going until there are only two people left

This is a good community builder, e.g. a grade 12 has to find who their grade 9 target is that they may have never met

Will also use this game in Link activities

Spirit Week= don't have a theme yet, thinking of connecting it to Relay
