Option Sheet Process-online Career Cruising Site, should go through OCDSB site don't just Google it, IPP_ has a course planner video, helps you research Post-Secondary options, phasing this in, by next year all the grades will be using this (grades 7-12), can help you find an appropriate career

Grade 12 to Post Sec. www.electronicinfo.ca

Colleges: www.ontariocolleges.ca

School is visited by about 30 universities and colleges do presentations for students

If one has an IEP they need to look at "Make the cut" Program

IEP info is not automatically passed on, student needs to self-advocate, student will be given a package to take with them, funds are available to student for educational support, it is recommended for them to do a Psychological Educational assessment

The Green Room (snapshot only)

Student Success Teacher, EA's

Room and support is available before school, during school and after school

Assist students at risk, Credit Rescue

Tiered Referral Process

First Tier-most students (80%) are supported in the classroom

Second Tier- if this doesn't work the student is referred to the Green Room (15% of students)

Take a closer look at issues and how to solve, e.g. make sure if an IEP is needed it is in place

Third Tier-Intensive level of Intervention- (5% of students) can involve calling in an outside Psychologist, having an itinerant EA, etc
